### **7. Drawing & Classification**

On the first two distances of the Allround Games, the skaters shall be seeded in three groups before drawing, according to their best times of the season, their best times of last season, or their estimated times. The seeding occurs per Age Group or per joined Age Groups.

Drawing at the Masters' International Allround Games will be done according to ISU Rule 244 for Drawing at International Competitions. For drawing, the ISU Rule 244, Paragraphs 3, 4 and 5 apply, as well as ISU Rule 240, Paragraph 2.

For drawing of Masters' International Allround Games generally the age groups are drawn separately. If the number of competitors is very small in one or several of the five year age groups, neighbored 5 year age groups may be joined for drawing and speedskating. But the allotting of track on the third distance is decided by the ranking after two distances for each 5 year age group, and not by the ranking in the joined, neighbored groups. The final distance drawing and classification must be done in her/his own age group independent of the number of participants in that age group. However, skaters in groups with odd number of participants, who in this case would skate alone on the last distance, may be paired together on the last distance.

The winner of the four-distance competition in his/her age group is the skater who has completed all distances successfully and has obtained the lowest total of points in his/her five year age group.

## **8. Prizes and Results of the Four-Distance Combination**

For the four-distance combination, the first three competitors of a five-year age group will be awarded a prize. All participants who finish all four distances of the competition successfully, without being disqualified, obtain a certificate and a medal.

The complete protocol with results with lap times, accumulated lap times and end times can be found at the Organizing Committee's web-site ([www.arenaritten.it](http://www.arenaritten.it)).

Every participant will receive a souvenir at the registration (included in the entry fee).

## **9. Doping control**

Anti-doping tests may be carried out in accordance with ISU Rule 139.

## **10. Liability**

In accordance with ISU Rule 119, ISU, IMSSC and the Organizing Committee assume **no responsibility for, or liability with respect to, bodily or personal injury, or property damages**, incurred in connection with this competition. Each skater or accompanying person is solely responsible for providing insurance coverage there to.
